---

## Summery

Survey Engineer with 7 years of high-precision field experience transitioning into full-time Geospatial Data Analysis. Proven track record in executing millimeter-level engineering layouts for complex industrial infrastructure and international airport projects. Professionally adept at bridging the gap between physical field survey data and advanced digital spatial modeling. Offering specialized freelance GIS analysis services, specializing in geoprocessing automation, remote sensing, and interactive spatial data visualization to drive data-driven decision-making for global clients.

---

## Experience

### **Geospatial Data Analyst | Freelance**

Oct 2025 - Present

- Data Acquisition and Processing
- Spatial Analysis & Modeling
- Cartography and Visualization
- Technical Consultation

### **Survey Engineer**

Senura Civil Engineering (PVT) Ltd | Feb 2022 - Sep 2024

Pharmaceutical Manufacturing Facility Project. BOI Zone, Bingiriya, Sri Lanka

- Control Network Establishment
- Topographical Surveying and Mapping
- Construction Setting-Out and tolerance control
- Structural Deformation Monitoring, As-Built surveys and Discrepancy reporting

## **Survey Engineer**

Beijing Shougang Construction Group (SGCG) | Jun 2020 - Feb 2021  
Development and Upgrading of Fuel Hydrant System at  
Bandaranaike International Airport, Sri Lanka

- Hydrant Network Setting-Out
- Joint Alignment Verification
- As-Built Utility Mapping

## **Survey Engineer**

Nilona Property Developers (PVT) Ltd | Aug 2019 - May 2020  
Proposed Cement Factory of Lanwa Sanstha Cement  
Coorporation (PVT) Ltd at Mirijjawila BOI Zone, Hambantota

- Heavy Industrial Setting-Out
- Earthwork & Volume Estimation
- BOI Infrastructure Coordination

## **Land Surveyor**

RN Constructions (PVT) Ltd | Jan 2018 - Feb 2019  
Proposed Commercial Bank Building – Jaffna, Sri Lanka

- Structural Grid Layout
- Cadastral Boundary Verification
- Excavation & Shoring Monitoring

## **Intern Land Surveyor**

Central Engineering Consultancy Bureau | May 2017 - Sep 2017  
Mini Hydro Power Project (Proposed gain 20MW) at Dehiowita, Awissawella,  
Sri Lanka

- Geodetic Control Transfer
- Topographic Channel Mapping
- Hydrological Contour Surveys
- Infrastructure Layout Assistance

## **Education**

B.Sc. in Surveying Sciences (Specialization in Cartography and GIS)  
Faculty of Geomatics, Sabaragamuwa University of Sri Lanka  
(2013 - 2017)

## **Research Project**

### **ASSESSMENT OF SOLAR POTENTIAL ROOFTOPS BY USING GIS AND REMOTE SENSING TECHNIQUES**

Sep 2017 DOI: 10.13140/RG.2.2.32892.60808 License CC BY 4.0
